These Templates are designed to give you a great presentation at a real value for money price. Once you have supplied us the details we produce your customised presentation. This we supply to you as an ISO file.

This ISO file type is suitable for popular CDR burning software programmes such as Nero and Adaptec Easy CD Creator. The ISO file will contain the full presentation for PC/Win and Mac together with autorun files. All you have to do is burn the cd.

The details we require for your presentation are:-

- The name of the presentation you want
- Keyword One (not available on **Spot Light** presentation)
- Keyword Two (not available on **Spot Light** presentation)
- Full Address
- Telephone Number
- Fax Number
- Email Address
- Web Address
- Detail One Header
  - Detail One Content – up to 250 words. The more words the smaller the font.
- Detail Two Header
  - Detail Two Content – up to 250 words. The more words the smaller the font.
- Detail Three Header
  - Detail Three Content – up to 250 words. The more words the smaller the font.
- Detail Four Header
  - Detail Four Content – up to 250 words. The more words the smaller the font.

With this information you may include your order reference. Please supply by email. We will then send you payment papers with a confirmation of your order. You will receive your presentation file by email typically seven days from receipt of your payment.

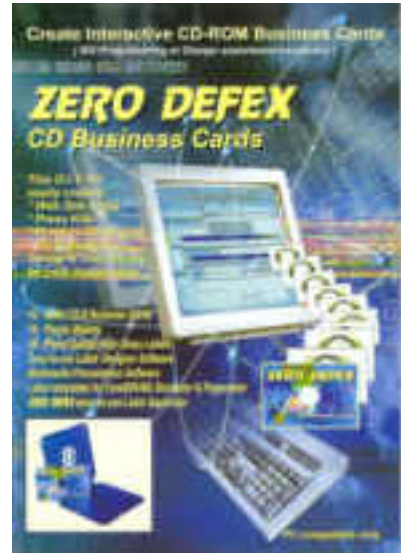

Any queries, just ask. All the contact details are at the foot of this datasheet.

We include details of our CD Business Card starter kits. These are ideal for the template presentations and give you the CD Business Cards, photo quality labels, an applicator, software and much more.
